PROFESSIONAL SUMMARY

Experienced Senior Full-Stack Developer with 8+ years of expertise in Python, JavaScript, React, Django, and cloud technologies. Led development teams of 5+ engineers and delivered scalable web applications serving 100k+ users. Strong background in machine learning, DevOps practices, and agile methodologies.

TECHNICAL SKILLS

Programming Languages:
- Python (8 years)
- JavaScript/TypeScript (7 years)
- Java (5 years)
- Go (3 years)
- C++ (4 years)

Frameworks & Libraries:
- Django/Django REST Framework
- React.js/Next.js/Redux
- Node.js/Express.js
- FastAPI/Flask
- TensorFlow/PyTorch

Databases & Storage:
- PostgreSQL/MySQL
- MongoDB/Redis
- Elasticsearch
- AWS S3/DynamoDB

Cloud & DevOps:
- AWS (EC2, Lambda, RDS, S3)
- Docker/Kubernetes
- Jenkins/GitHub Actions
- Terraform/Ansible

PROFESSIONAL EXPERIENCE

Senior Full-Stack Developer   **2020 - Present**
TechCorp Inc. | San Francisco, CA

- Led a team of 5 developers in building a microservices architecture using Python, Django, and React
- Implemented CI/CD pipelines with Jenkins and Docker, reducing deployment time by 60%
- Designed and developed RESTful APIs serving 100K+ daily requests with 99.9% uptime
- Built machine learning models using TensorFlow for recommendation systems
- Optimized PostgreSQL queries and database design, improving performance by 40%
- Mentored junior developers and conducted code reviews

Full-Stack Developer   **2018 - 2020**
StartupXYZ | Remote

- Developed responsive web applications using React, Redux, and Node.js
- Built and maintained Django REST APIs with PostgreSQL database
- Implemented real-time features using WebSockets and Redis
- Set up monitoring and logging with ELK stack
- Collaborated with product and design teams in agile environment

EDUCATION

Master of Science in Computer Science   **2016 - 2018**
Stanford University | GPA: 3.8/4.0
Specialization: Machine Learning and Artificial Intelligence

Bachelor of Science in Software Engineering   **2012 - 2016**
University of California, Berkeley | GPA: 3.7/4.0

CERTIFICATIONS

- AWS Certified Solutions Architect - Professional (2023)
- Google Cloud Professional Cloud Architect (2022)
- Certified Kubernetes Administrator (CKA) (2021)
- MongoDB Certified Developer (2020)
